Partial

breast forms

A Complete Line Of Partial Silicone Breast Forms

After Surgery

Are your breasts asymmetrical or uneven following your lumpectomy or other breast surgery? Maybe you need a little enhancement after surgery. We have the perfect solution, Evenly You!

We have a complete line of partial breast forms. Designed to meet specific needs, one is sure to provide the perfect fit.

There is no right or wrong shape for you. Depending on your surgery and body type, several of the Trulife partials can provide the perfect fit. Your retailer will assist you with finding the shape and size that fits you best. The products can be worn without a pocketed bra, slipped right into the cup of your fashion bra.

Tapered edges ensure a flawless, smooth profile under clothing. Each form is made of the softest silicone to provide subtle enhancement and a flawless profile.

Benefits Of Partial

- + Gain a symmetrical appearance after surgery
- + Balance unevenly developed breasts
- + Fill in where reconstructive surgery left a void
- + Equally balance reconstructed breasts

SMOOTH and TAPERED

533 TRIANGLE

545 TRIANGLE PLUS

Trulife has a complete line of partial breast forms. Ideal for post-lumpectomy, post-reconstruction and enhancement of under-developed breasts. All Trulife partials feature tapered edges to ensure a flawless, smooth profile under clothing.
